

# Death Toll in Mine Disaster Reaches 27

Last of Bodies Trapped by Explosion Takes from the Mine Last Night.

(By The Associated Press)  
GLEN ROGERS, Va., Nov. 7.—The bodies of 27 miners killed yesterday in a gas explosion at the mine of the Raleigh-Wyoming Coal Company, today lay side by side in various undertakings in Mullens, S. C. The bodies were taken in a special train after having been recovered from the entry 800 feet below the surface which had proved their tomb. The last body was brought to the surface last night just as a party of state officials, including Governor E. E. Morgan, arrived from Charleston. They had left the state capital when news of the disaster reached there.

Meantime an investigation was being conducted by R. M. Lambie, chief of the state mining department, but it was considered improbable that the cause of the accumulation of gas in the entry or how it became ignited would ever be explained. All the men killed were working in the single entry where the explosion occurred and only the fact that separate ventilating systems enabled thirty-six miners in other headings to escape.

**GAS FUMES KILL FIVE.**  
HAVANA, Nov. 6.—Five members of the French steamer Caroline were killed and seven are in a serious condition tonight in consequence of inhaling gas used in the process of fumigating the vessel.

The Caroline came to port today with six hundred Spanish immigrants on board and was immediately fumigated under the sanitary laws.

She belongs to the French-Trans-Atlantic Company.

# Means, Man Who Loves Trouble, In Its Clutches Again

By ALEXANDER HERMAN  
NEW YORK, Nov. 7.—Gaston B. Means is in trouble again. But he likes it. For he has become a champion at it—charged in his time with murder, forgery, conspiracy and fraud. Freed of all, he now faces another indictment. This time as the alleged principal in a gigantic bootlegging conspiracy.

But he merely shrugs his shoulders and laughs. "Great fun this," he says. "I'm going to get a big kick out of it. For it's the thrill of such adventure that makes life worth living."

Ten years ago Means was a school teacher down in the Carolina Mountains. But the dull routine of school work palled on him. "When I was a kid," he went on, "I always dreamed of the time when I would grow up to be a real detective. It was my boyhood ambition. When the chance came to give up my school work, I grabbed it. I wanted to go north and indulge in the fancy of my childhood dreams. And he did. He soon gave up his job of being representative for some cotton mills, and became an investigator for a private detective agency. Most of the time, he worked for William J. Burns, now head of the United States Secret Service.

In 1911 he became a special agent for the German government. He received \$100 a day for his work. "I worked for Captain Boy-Ed, German naval attaché," he says, "and got mixed up in innumerable messes. But it was all part of the game. When I exposed the whole scheme, and Huerta was arrested as he tried to cross the border.

"I dug deeper into the intriguing of the German spy system and discovered the plot to buy up the canal at Panama and the Canadian Bridge. Both schemes were nipped before their execution. Van Horn, the German spy, being caught red-handed as he was approaching the bridge."

Meanwhile Means had been acting as business advisor to Mrs. Maude A. King, of North Carolina. While out shooting one day, she was killed. Means, who was with her, was indicted for murder in the first degree.

It was a sensational trial. Colonel

GASTON B. MEANS WHO LOVES TROUBLE

Thomas B. Felder, who has been kept busy getting Means out of trouble every time he got in, went from New York to North Carolina to defend him. In a short time the jury acquitted him.

Then came a long line of new charges and indictments following the filing of a second will of Mrs. King's millionaire husband. Three million dollars were involved. Means and others would have benefited by the will. Jesse Baldwin of Illinois called it a forgery.

An appeal followed, and with it came long drawn-out litigation brought to a close last month when the Supreme Court of Illinois ruled to throw out the second will.

When cleared of all charges growing out of the Mrs. King death and with contest, Means went back to his investigating work. "Standing trial for murder is exciting enough," he says, "but it takes real slugging to give a real thrille. He became a special agent for the

Department of Justice investigating liquor cases. "I unearthed the society bootlegging conspiracy," Means says, "which resulted in the imprisonment of the La Montagne brothers."

And he worked on many other important cases. But trouble seems to follow him wherever he goes.

In a short time he was indicted in the gigantic bootlegging conspiracy. He is now out on \$15,000 bail awaiting trial.

But he isn't worrying. "I've been able to get out of so much trouble before," he says confidently, "that I'm sure I'll get out of this, too. As is usually the case, I am not guilty."

He is now taking it easy dividing his time between Colonel Felder's office and his home in Washington, D. C., where he sits down with his children and tells them, not fairly tales of olden creation, but real detective stories that make the youngsters' blood tingle.

# BAKERS OF CITY HOLD A MEETING AND ORGANIZE

The bakers of Danville held an organization meeting last night under the auspices of the Potomac States Bakers' Association and the result was the Danville Bakers' Club, with F. M. Meeks, chairman, and Joe Holt, of Gilmer, vice chairman, while J. M. Harris is secretary.

Several talks were made by out of town leaders in the trade. One of these was by J. H. Woolridge, Washington, who presided at the meeting and outlined the policies that should be followed by any local organization of bakers. He was followed by R. M. Brooks, New York, who talked on co-operation among bakers and how wives of the country.

Dr. B. R. Jacobs, of Washington, made a talk on self-rising flour. Archie Vaughn, Norfolk, discussed sales promotion.

## SAM DOOLEY AND LIQUOR CAPTURED

Officers J. E. Nostrand and F. T. Harris captured Sam Dooley yesterday afternoon after a long chase, the arrest being made on the Mountain Hill road, where Dooley was run down in his Ford roadster, in which was found 16 gallons of liquor.

The officers saw Dooley unloading some liquor at a house on the road and gave chase. While they were after their man the liquor that had already been unloaded mysteriously disappeared.

Dooley was brought to this city and placed in the city jail.

## DEATH OF MRS. C. S. FOWLER.

Mrs. C. S. Fowler died at 11:45 p. m. Tuesday after having been in failing health for the past seven years. She was stricken with paralysis last Friday.

Deceased, who was born in Halifax county 54 years ago, was a member of the Lee Street Baptist church and has been a resident of Danville for the past 35 years. Before her marriage she was Miss Ollie V. Davis.

Her children surviving her are: Mrs. R. P. Sigman, Statesville, N. C.; Mrs. L. H. Holland, Danville; M. S. Fowler, Leesville, N. C.; sisters surviving are: Mrs. J. C. Holcombe, Danville, and Mrs. J. N. Marshall, Greensboro, N. C., all of whom were present when she passed away.

Funeral services will be conducted Thursday at 11 a. m. from the home of Mrs. J. C. Holcombe, 1002 Stokes street.

## Meagre Returns Last Night from Fifth District

Returns from an unusually apathetic election in Danville, Pittsylvania county and throughout the Fifth congressional district yesterday, save as to the city vote are so meagre as to be hardly more than indicative of the result of the vote as to the bond issue for road construction.

First, State Senators N. E. Clement, of Pittsylvania, W. A. Garrett, of Henry, and Delegates H. D. Shepherd, C. C. Warren, incumbent, and R. T. Carter, representing Pittsylvania and Danville, were unopposed and of course received all the votes polled. The Democratic nominees for the House of Delegates in Henry and Patrick and Halifax were unopposed. The only contest was for Senator Marshall B. Booker, of Halifax.

As to the bond issue, the city of Danville gave a plurality of 520 for the bond issue in a total poll of 976, the opponents of bonds polling only 238 votes. The total potential vote of the city two years ago was 3,328 and based on payments of poll tax by men and women, it was probably eight thousand or more this year. Estimating the actual number of qualified voters at that figure less about 12 per cent of those qualified to vote actually availed themselves of their privilege. It was anticipated that the bond advocates being organized and having made a newspaper advertising campaign for their cause, would carry the city. Apparently the overwhelming majority of the people did not take sufficient interest in the election to vote.

Not so in the counties of the district, however. Only a few of the fifty-one precincts in Pittsylvania county had been reported up to midnight, but the returns from these forecast a fairly large vote and an overwhelming majority against the bond issue for roads.

In Chatham, the county seat, 279 were recorded against bonds and only 75 for bonds, a plurality of 204 against. The vote for legislators in Chatham was: State Senator N. E. Clement, 356; William A. Garrett, 324—both unopposed; for House of Delegates—H. D. Shepherd, 375; R. T. Carter, 352; C. R. Warren, 344. All three were Democratic nominees and unopposed.

Bachelor's Hall precinct reported 14 votes for bonds and 75 against. For the only contested office, Byars, independent, received only 4 votes, to 79 for Corporation Commissioner Forward.

A message from Cedar Hill, a small precinct in the county, gave the majority against bonds as 13.

Diligent effort failed to elicit any information as to the result of the bond vote in the other precincts of the county. Estimating the majority against bonds at the 50 precincts other than Chatham at 20, average, and adding 200 for Chatham, it is apparent that the county has given a majority of at least 1,200 against bonds. Blair's Store, for instance, gave 36 votes against bonds and only 2 for. The actual majority in the county may exceed 2,000, depending chiefly on the total vote polled.

**Halifax Against Bonds**  
In Halifax county, State Senator M. B. Booker was re-elected, and Messrs. Tucker and Glass, Democratic nominees for the House, all of the unopposed carried the county by the aggregate of the vote polled, which was probably 2,400 or more. A message from South Boston early last night estimated the majority against bonds in the county at from 1,000 to 1,500.

**Patrick Strongly Against**  
Stuart, Va., November 6.—Every precinct in Patrick county has returned a majority against the bond issue, and the county's majority is estimated at probably 1,000. Delegate Koker, Democrat, is re-elected to the House.

**In Rest of The District**  
No information was available last night from Franklin, Carroll Henry and Graham counties in the western part of the Fifth congressional district, from Charlotte in the eastern portion. In Henry county the Bulletin, the only newspaper in the county, waged a fight for bonds, but not a word was obtainable from there last night as to the result in the county, nor even the vote in the town. This is fairly indicative of the extreme apathy marking the election, which was a perfunctory one as to legislators.

# W. W. WILLIAMSON STRUCK BY CAR

W. W. Williamson escaped serious injury last night about 8:30 o'clock in front of the Leeland Cafeteria when he was hit by the rear right fender of an Essex roadster driven by Frank Davis. Mr. Williamson was thrown to the street, but apparently escaped injury other than a few bruises. The accident was a peculiar one. Mr. Williamson was crossing the street and seemingly did not see the car, for he was seen by several eyewitnesses to walk directly into it, coming in contact with near the forward part. He was whirled around and against the rear fender, which was badly bent, being thrown heavily to the street. However, he was able to get up, and after a few minutes proceeded to his home.

# Three States Elect Democrat Governors

**Vermont Returns Republicans to Senate—Democrats Win 4, Republicans 3 for Congress—Various Issues Voted on All Over the Country.**

(By The Associated Press.)  
Democrats were elected yesterday in all three states where there were gubernatorial elections—Kentucky, Maryland and Mississippi.

Vermont, where the only Senatorial contest was held, returned a Republican—Porter H. Dale, who defeated Park H. Pollard, cousin of President Coolidge.

In the seven contests for the House the Democrats won four and the Republican victories being an upset in which former Representative Benjamin L. Fairchild defeated his Democratic opponent for the place made vacant by the death of J. Vincent Ganly in the 24th New York district. Party alignment was unchanged in the other congressional elections.

The victory of the Democrats in Kentucky where Representative Wm. J. Field defeated Charles I. Dawson, caused a swing of the pendulum which at the last election swung from the Republican to the Democratic in office. Mr. Field's majority was decisive and he will have a Democratic legislature to support him.

Governor Ritchie, re-elected in Maryland over Alexander Arnsperg, Copleston, had an increased majority over his first election. H. L. Whitfield, Democrat, had no opposition in Mississippi. In New York State the Republicans retained control of the general assembly, but the Democrats' judicial ticket in Manhattan and the Bronx was swept into offices overwhelming the Republican and the independent ticket by Wm. Randolph Hearst. The soldiers bonus apparently was carried and the hydro-electric power project passed.

Governor Smith, who, during the campaign made several attacks on the "editor politician" also issued a statement expressing satisfaction over the defeat of the judiciary candidates supported by the Hearst newspapers. It said: "There can be no question from the figures about the attitude of the people of Manhattan and the Bronx as to the self-appointed guardian of the interests of the people, William Randolph Hearst. He registered on October 13 and 14, 1922, in the Democratic primary election, and failed to vote for the candidates he advocated in the papers. He undertook to play the role of the general 'no-stands' candidate as a deserter."

The Republicans made a gain of one seat in the four congressional elections.

Former Representative Benjamin L. Fairchild, Republican, was elected in the 24th district in the election made necessary by the death of J. V. Ganly, Democrat.

In the 32nd Thaddeus C. Sweet, Republican, was elected to fill the vacancy caused by the death of Luther W. Mott, Republican.

Anning S. Prall and John J. O'Connor, Democrats, were elected in the 17th and 18th districts respectively, to fill the seats left vacant by the deaths of Daniel J. Riordan and Bourke Cockran, Democrats.

The Republican representation in the New York assembly, the lower House of the legislature, was increased by six members in yesterday's election. The 1923 assembly will be composed of 87 Republicans and 63 Democrats. The present assembly is made up of 81 Republicans and 69 Democrats.

Democratic candidates for the ten Justices of the supreme court in Manhattan and the Bronx defeated the candidates on the Republican and the Republican-Independent ticket, supported by Hearst, by an average plurality of more than 150,000.

A proposed constitutional amendment to legalize a bonus of \$45,000,000 for ex-service men was favored by a big margin but a proposed amendment to permit the use of part of the State forest preserve for the development of waterpower was defeated decisively in New York City voted yes on a referendum as to whether the minimum pay of policemen and firemen should be \$2,500 a year.

Republican leaders were elated over the gains made in the assembly. George K. Morris, State chairman, said: "This means a repudiation of the efforts of Tammany to gain control of the State and particularly of the administration of Governor Smith who made a personal appeal for the election of a Democratic majority. Apparently the people will have no more of the governor's so-called program."

Theodore Roosevelt, assistant secretary of the Senate, spoke in the hall of the Republican candidates during the campaign, said the increase in the assembly majority was "an earnest indication that next year New York State will line up behind the Republican ticket for the presidency."

Local issues were voted on in various sections of the country. Virginia turned down a \$50,000,000 bond issue for good roads. Ohio elected mayors supported by the Ku Klux Klan in Youngstown, Portsmouth, Akron, and several smaller cities. Philadelphia returned W. Freeland Kendrick, Republican, as mayor, by an overwhelming majority.

In Illinois Miss Mary M. Bartelme, the first woman to be elevated to a circuit court judgeship, was elected in Cook county. She is a Republican and led her ticket. The Republicans elected eleven and the Democrats nine judges of the superior court.

The New Jersey legislature remained in the Republican column, notwithstanding the vigorous campaign waged by Governor Silzer, Democrat for a Democratic lawmaking body. American party candidate who waged a fight in Utah under the slogan "separation of church and state" were beaten.

Republicans 225; Democrats 204; Socialists 1; Independent 1; Farmer Labor 1; Vacancies 3; Republican majority 15.

# Sleuths On Trail Of Another Rum Ship From England

(By The Associated Press.)  
JACKSONVILLE, Fla., Nov. 7.—With the captain and eight members of the crew of the British auxiliary schooner Louise P. held here to be given a hearing today on a charge of smuggling, United States Deputy Marshals, prohibition agents, customs officials and sheriff's deputies were scheduled to leave here early today for Mayport, 25 miles south, in search of another British schooner, reported to have a large quantity of liquor aboard.

The "tip" regarding the second schooner, was received at the United States Marshal's office here from Miami. The vessel was reported as having passed the head of north and south channels and was expected to leave here today expected to meet it at Mayport.

The Louise P. captured Monday off South Pablo Beach with 3,900 cases of liquor aboard was in the hands of the "pirates" consisting of the second engineer and two stowaways following the overpowering of the crew of the vessel by the alleged mutineer and his two assistants a week ago, according to H. A. Johnson, of Harbour Island, British West Indies, captain of the vessel.

The "pirates" went ashore in the schooner's boat with a load of liquor on Monday morning and he and the crew then recaptured the ship and put out to sea, fearing that the "pirates" would return for more liquor. He said the vessel was not running away from federal officers.

Captain Johnson said he was sure the vessel was "five miles or more from shore" when the capture was effected. Federal officials said the boat was captured not more than two miles from shore.

# Forbes Was Asked To Resign Lawyer Tells Committee

**Testifies Harding Called For Resignation Because Forbes Made Sales Against His Orders.**

(By The Associated Press.)  
WASHINGTON, Nov. 7.—President Harding called for the resignation of Colonel Forbes as director of the Veterans' Bureau as a result of the Perryville, Maryland surplus supply sale transaction, Brigadier General Charles E. Sawyer, personal friend and physician to the late executive, testified before the Senate veterans committee.

General Sawyer testified that in the face of an order by the president that the shipments of supplies from Perryville be stopped carloads of materials were sent out for two or three days after the contract of sale had been entered into with Thompson and Kelly Company, Inc., of Boston, surgeon general Cummings of the public health service reported to the committee that supplies were being sold in violation of public health service needs.

Dr. Sawyer accompanied Dr. Cummings to the veterans' bureau and asked for a conference.

"It was after quite a heated conference," the witness continued, "that Colonel Forbes was persuaded that the public health service should be considered in the matter at all."

"After this conference I took the matter up with President Harding and he requested me to proceed at once to Perryville to see what was going on. Accompanying me on this trip were General Cummings and Dr. Smith (Dr. Frederick C. Smith, of the public health service)."

"Upon arrival at Perryville we found great activity going on in the matter of shipping supplies. Investigation showed that one large truck load of towels was just being moved out of one of the buildings."

"Assuming the authority that had been given me by the president, I directed the officer in charge to have the materials unloaded and asked him to await further orders before any other shipment was made. He gave me this word that such order would be issued by him and that all shipping proceedings would cease until this matter was finally determined."

"Returning home, I made a statement to the president, telling him that I felt sure that very valuable materials, much needed by the Veterans' Bureau hospitals and the Public Health Service was being disposed of at great loss to the government. He immediately ordered through me that further disposition of this property should stop until there was compliance with the executive order requiring a division of the property at Perryville on the basis of 50 per cent for the Veterans' Bureau and 50 per cent for the Public Health Service."

"Within a day or two a second conference was held with Colonel Forbes, including General Cummings, Dr. Smith and myself and we received a written agreement from Colonel Forbes that the provisions of the executive order would be carried out."

# Death Claims Constable Thomas Few Hours After Re-Election For Fifth Time

William A. Thomas, constable for Tunstall district for the past eighteen years, was elected for his fifth successive term in yesterday's election but the honor came to a man who had died before the ballots had been counted. This tragic climax to the election came shortly after midnight.

Mr. Thomas dying at his home on North Main street extension from pneumonia with a complication of asthma following an illness of two weeks. Mr. Thomas contracted a severe cold while performing his official duties in Tunstall district and the more serious complication came a week ago yesterday. He had been a sufferer from asthma for several years.

Constable Thomas was 64 years of age and was born near Whittles, He

was elected constable eighteen years ago and became widely known in that section of Pittsylvania where his duties carried him and equally well known in Schoolfield and Danville, where he conducted a grocery store and city offices. Magistrate R. S. Fitts of Schoolfield, who had been associated with him for several years said today that Mr. Thomas was an efficient officer and a man of integrity and he paid him a handsome tribute. Mr. Thomas was survived by his wife, two daughters and two sons. He was a member of Methodist Memorial Baptist church. The funeral will be held at 2 p. m. Friday at the residence of Mr. and Mrs. Fitts. Burial will be made in Green Hill cemetery.

Frank Tibbitt who recently underwent an operation has sufficiently recovered to be out. He spent a short time at his office in the Municipal building yesterday. He is feeling considerably improved already.

# Plane Goes Mile High In Minute

**New Feat Is Accomplished By Lieut. Williams, Holder of Speed Record—30,000 Witness Thrills.**

(By The Associated Press.)  
MITCHELL FIELD, N. Y., Nov. 7.—In one minute an airplane went nearly one mile high yesterday and man had made another mark in the sky.

More comparable, perhaps, with the passage of lightning than anything else mortals have seen, the airplane rose from the wet turf of Mitchell Field and flashed upwards. In the pilot's seat was Lieutenant A. J. Williams, known as "Al" when he pitched for the New York National Baseball club, and holder of the world's speed record of 266.8 miles an hour.

His feat was the culmination of a day of thrills witnessed by 30,000 people standing beneath, undeterred by the rain.

Dusk had fallen when Lieutenant Williams and Lieutenant Harold J. Brown, both of the navy, took off and none but official observers realized that Williams' plane, its exhaust pipe spitting fire that left a blazing trail in the ether, was going to a record. The previous ascending speed record was 2,000 feet in one minute made by Roland Rohlf, it was believed at the time.

The crowd went wild with nothing at one period when the basket of an ascending kite balloon was tripped and two figures dropped out of the air. The crowd was so excited that it opened soon enough. The figures landed with terrific impact and an ambulance went dashing for them.

Only a few officials realized that the parachute episode was prearranged. The balloon was sent up as a target for airplanes and the basket was to fall automatically when it went into flames and the figures were to descend to show the crowd how balloonists escaped from death. Even the ambulance men forgot that the figures were dummies and many of the crowd had trouble believing it when informed.

**RITCHIE HAS BIG LEAD FOR GOVERNOR**

(By The Associated Press.)  
BALTIMORE, Nov. 7.—With 210 precincts missing out of 1,115 in the morning had a majority of 41.23 over Attorney General Alexander Armstrong, the governors opponent for re-election. The vote was: Ritchie 136,121, Armstrong 94,908.

Ritchie's associates on the state ticket were cited along with him by majorities comparable to his. They are W. S. Gird, Jr., for comptroller, Thomas H. Robinson, attorney general and James A. Young, clerk of the court of appeals. The precincts are scattered among every one of the 23 counties exclusive of Baltimore City and normally would not alter the result by more than a thousand or two votes either way.

Maryland also elected members of the general assembly but up to this afternoon only a few of the counties had reported. The Democrats were claiming, however, that indications pointed to a Democratic majority in both Houses. In Baltimore they claimed five of the six legislative districts conceding that the fourth district may go Republican. This district contains a large negro vote and an outstanding feature of the Republican rally last night was the probability that three negro candidates for the House of Delegates had been elected. If elected they will be the first of their race to sit in the Maryland legislature.

**DALE REPUBLICAN IS ELECTED SENATOR IN VT.**

(By The Associated Press.)  
MONTELEONE, Vt., Nov. 7.—In a total vote falling short by more than 22,000 the Republican ticket in last year's senatorial election, Vermont yesterday retained virtually the two-one Republican proportion of 1922 in electing Porter H. Dale, Republican, to the United States Senate to succeed the late William P. Dillingham. The Republican candidate polled 50,627 votes to 15,632 cast for his Democratic opponent, Park H. Pollard, of Cavendish, cousin of President Coolidge.

In the contest in the second district to elect a successor to Mr. Dale who resigned his Congressional seat to become a candidate for the Senate, Colonel Ernest W. Gibson, of Brattleboro, Republican, scored a victory even more decisive. Although the total vote cast in the district was more than 11,000 short of 1922 figures, Colonel Gibson received 17,614 votes to 4,173 cast for his Democratic rival, Burton E. Bailey, a Mont Pelier attorney, a race of more than four to one.

**KENDRICKS ELECTED MAYOR**

(By The Associated Press.)  
PHILADELPHIA, Pa., Nov. 7.—W. Freeland Kendrick, Republican majority candidate was elected yesterday by overwhelming plurality, with practically complete returns from 47 of the 48 wards in the city tabulated early today the indications were that Kendrick's plurality over A. Raymond Raff, his Democratic opponent would exceed 250,000 over the latter. Kendrick given a candidate for mayor in Philadelphia. The vote in these 47 wards with six divisions missing was: Kendrick 283,689 and Raff 53,372.

# INJUNCTION DECISION PROBABLY NEXT WEEK

Judge Withers yesterday evening on the completion of arguments for and against the dissolution of the training order entered against the Tobacco Growers' Co-operative Marketing Association announced that he would take the case under advisement and would return a decision either at the end of this week or early during the coming week.

The court made this announcement after listening to arguments which began at eleven o'clock yesterday morning and which, with the exception of a brief pause for dinner, continued until five o'clock. The decision to take the case under advisement was construed to mean that the court desired time to read the cases which were cited as bearing directly on the while injunction proceeding and which necessarily will take some time to digest and reconcile.

The crowd of one hundred or so farmers who gathered at the beginning of the arguments yesterday remained in the courtroom throughout the day and listened attentively to the arguments. These for the most part were without any great interest because they dealt with intricate problems of law which were not readily understood by the layman but which reflected deep and intensive study on the whole question of injunction proceedings.

Harry Wooding, Jr., for the co-operative marketing organization, followed J. W. Carter's argument yesterday morning and was, in turn, followed by Julian Meade, who is counsel for the local warehouse corporations. Edwin Meade followed his father, both making able representations that the injunction proceedings were entirely proper and the best means of bringing the constitutionality of the Virginia marketing laws before the court.

The afternoon was given over chiefly to arguments by John Martin of Houston and W. T. Joyner, of Raleigh, N. C., also counsel for the Co-operative Marketing Association. These gentlemen pleaded a lengthy and dealt with different phases of the question Mr. Martin in the course of his remarks virtually challenged the warehousemen's counsel to explain why they had not met the warrants issued against the warehousemen in the police court instead of delaying proceedings and restoring to injunction. He pointed out that it would have been possible through an appeal to have the case docketed at the present term of court and that through a period of three months by which the various stages of appeal might have been taken. He contended that the injunction proceeding was not necessary and he emphasized the fact that the restraining order had been issued for a period of three months by which time the tobacco season would be over thereby making it impossible to obtain further evidence in cases of the Virginia laws.

Mr. Joyner spoke for nearly two hours and sought to show that there

is nothing unconstitutional about the marketing laws but that from the earliest period of history in the Southern states the legislatures have enacted laws to prevent frauds from being perpetrated on and by the producers of crops. The present law, he argued, is a protection to the lien holder and is not by any means an instrument to protect merely an organization which has recently been founded.

Carrying his point somewhat, further Mr. Joyner pointed out that restrictive laws have been enacted covering the operation of pawn broker. Both business, he stated, afforded avenues for the disposal of property ill gotten and that it was just as legal to restrict the warehousemen as it was the pawnbroker who is required to keep an accurate description of property sold to him, the name of the vendor and his address, which records shall be kept open.

Mr. Joyner gave evidence of a careful study of laws bearing on the marketing problem for he quoted leading cases repeatedly for the purpose of substantiating his argument.

Both James H. Wilson, president of the Danville Warehouse corporation and C. D. Bryant of the Piedmont warehouse corporation were present in the courtroom during the afternoon proceedings.

# HOW STANLEY SPRINGS ARE SELF-OILED

As you will note from the illustration at the right each Stanley Spring is equipped with cups stamped in the leaves. These cups are filled with absorbent felt pads, loaded with free flowing oil—preferably light cylinder oil. The oil is replenished by squirting through two grooves on a hole, according to the type of spring. The felt is thicker than necessary to fill the cup. It is under constant pressure. As soon as the spring goes into action there begins a gentle kneading process which forces the oil out of the felt to the friction surface of each spring leaf. The oil is not forced entirely out of the spring, however, because of a continuous capillary attraction which holds it well within the bounds of the spring; thus there is ample lubrication and a surplus which does not drip.

**One Oiling Is Good for Three Thousand Miles**  
The Stanley spring is built integral with the spring and requires no special installation.

The Danville chapter, Daughter of Confederacy will meet Thursday afternoon at 3:30 at Memorial Mansion. Delegates to the general convention to be held in Washington are to be elected and all members are urged to attend this meeting.

**Huff-Hill**  
A marriage which will doubtless be read with interest by the friends of the young couple was celebrated at the residence of the Rev. J. Clyde Holland on North Main street last night at eight o'clock when Miss Ella Pearl Huff became the bride of John Burton Huff. The bride is the daughter of Mr. and Mrs. D. L. Hill. The groom is a young business man has been a resident of this city the major portion of his life and has many friends here. The young couple were accompanied by J. H. Young and Miss Fattie Stewart and Mrs. J. H. Young. They will make their home in this city.

**A Turkey Dinner.**  
The Woman's Missionary Society of Main street Methodist church will serve a turkey dinner November 29, 12:30 to 2 p. m.

The Danville Automotive Association held its regular meeting and supper last night at the country club. About thirty-five members were present to enjoy the splendid supper which was served. S. J. Owens, toastmaster made a speech, his subject being "An Automatic Christmas," in which he fully explained what the subject implied. He then departed from time-worn and many useless gifts and gave to friends the beautiful equipment accessories which add to the attractiveness of any automobile. The Danville association will join the national association in this movement.

Through the efforts of Frank Schermer, manager of the Majestic Theatre, a fine program was rendered.

There were interesting talks and discussions pertaining to the betterment and general business of the association.

Officers present were: S. J. Owens, president, F. W. Denny, vice president; R. R. Payne, secretary, W. E. Meade, treasurer, Thomas Carter and R. E. Baum.

There were also several out of town visitors making up a party of more than forty men attending the meeting.

**Personals.**  
Miss Evelyn Jordan and Miss Elizabeth Owens, who have been spending the week-end in Danville with their parents, have returned to Hollins College.

Miss Katherine Redford, who is teaching at Kentucky this winter, was in town yesterday to attend "Enemies of Women," at the Broadway.

S. J. Owens president of Danville Automotive Equipment Association will leave today for Nashville, Tenn., and Chicago, Ill., where he will attend the National convention of Automotive Equipment Dealers.

Mrs. Strathmore Owens and Mrs. Harry Lea leave for Richmond today to visit relatives. Mrs. Lea will return to Danville Sunday and Mrs. Owens will remain in Richmond ten days.

Mrs. L. S. Hardy, who has been very sick at her home 2006 North Main street, is reported very much improved.

Mrs. Lawrence Clark who has been visiting her sisters, Mrs. F. H. Wheatley and Mrs. J. C. Roberts, West Main street, has returned to her home in Lynchburg.

Misses Marjorie Pepper Dodson and Miss Nellie Dodson, of Winston-Salem, who spent the week-end with relatives in the city, have returned to Greensboro College where they are students this year.

Rev. J. Cleveland Hall, D. D., leaves tonight for Norfolk where he will attend a meeting of the Standing Committee of the Diocese of Southern Virginia Protestant Episcopal church. He expects to return Friday.

**MRS. WANAMAKER DIVORCED**  
(By Chicago Tribune Service)  
PARIS, Nov. 6.—Mrs. Violet Cruger Wanamaker obtained a divorce in the Paris courts today from Rodman Wanamaker, a New York millionaire merchant. The wife applied for a divorce several months ago, charging desertion and stating that her husband had refused to return to her.

The prize, a lovely party bag, was won by Miss Martha Gibson.

After the games Misses Barbara Ann Bendall, Eleanor Pritchett, Marian Hoffman and Nancy Jones called and enjoyed refreshments with the other guests as they gathered about the beautiful table where a lovely three-tiered birthday cake, topped with three burning candles formed a centerpiece about which were strewn flowers and favors. Ice cream in shapes of turkeys, pumpkins and corn, was served with individual cakes, all in rich colors of orange and brown to match the ribbons which were hung from the chandelier above the table and caught at the corners of the room.

Many yellow chrysanthemums arranged in brown and orange baskets and vases and shaded lanterns hung from the ceiling beams, completed the artistic decoration.

The favors and place cards were fast brown turkeys filled with French candies. The guest of honor was presented many lovely gifts as remembrances of the happy day.

The many friends of Mrs. S. P. Smith will be sorry to learn of her critical condition at Edmund's hospital where she underwent a serious operation yesterday afternoon.

## PRACTICING LAW TOGETHER

ATTORNEY SHERMAN ADLER (LEFT) AND HIS MOTHER, ATTORNEY JESSIE ADLER

(Special to The Bee)  
CINCINNATI, Nov. 7.—Mother and son are practicing law together here.

And they are only waiting now for daughter and sister to join the firm. It is all coming about through Mrs. Jessie Adler's ambition and determination to go through college and legal school with her son, Sherman. Funny part is she beat him through the bar examination last year. Now she's an assistant county prosecutor. She is the first woman ever to be appointed to this office in Hamilton county.

She's a Suffragette.

Mrs. Adler, though an ardent suffragette for years, is distinctly feminine. Yet she doesn't require courtesies that aren't extended to men, while she's about her professional duties.

"When I go into the offices where men are smoking and have their hats on and their feet on their desks," she says, "I feel like an intruder."

"Why, then, should I ask them to treat me as an invited guest at a social function?"

"Just the same," she admits, "I like a man better if he extends me the same courtesy in my professional life than he would accord me on meeting me socially. I've been a woman 44 years longer than I've been an assistant prosecutor."

Mrs. Adler's daughter is 14. Just as soon as she through pre-school and college, she expects to pore over the old law books and get ready to join the partnership.

"My ambition," says the mother and senior partner, "is to prove that a woman with a perfectly splendid husband, a young daughter a son as a legal colleague and a home where the machinery never is in evidence can be a political success."

**HALLOWEEN AT BROSVILLE**  
On last Friday evening there was a delightful Halloween entertainment given at Brosville High school to an audience of about five hundred people. Appropriate decorations were used, uniquely arranged for the occasion. Orange and black crepe paper streamers fell artistically from the light globes in the halls and a quantity of autumn leaves were scattered over the hall-floors. The stairways bore a net work of autumn boughs which was quite attractive. An abundance of lighted pumpkins and Jack-O'-Lanterns were placed in different corners of the building and various other contrivances which gave one a weird feeling, could be seen.

A short program consisting of the impersonation of Owls, witches and black cats, and other spooky attractions was rendered in the auditorium by pupils of the various grades. A number of beautiful boxes, prepared by pupils of the Home Economics classes, were then sold after which Halloween stunts were participated in.

**Reginald Clarke  
And Miss Arey Wed**

Miss Nancy Loraine Arey oldest daughter of Mr. and Mrs. E. C. Arey and Reginald G. Clarke, son of Mr. and Mrs. L. Herbert Clarke, 853 E. Main street, all of Danville were quietly married at the Presbyterian Manse, Yanceyville, N. C., November 6, at 5 o'clock p. m. The pastor of the Presbyterian church, of Yanceyville, performed the ceremony.

Miss Blanches Hodges of Danville, who accompanied Miss Arey and Mr. Clarke to Yanceyville and Thomas Burton, a friend who is connected with the State Highway Commission and now stationed there, witnessed the ceremony.

The marriage comes somewhat as a surprise to their friends, only a few of whom were acquainted with their plans.

Immediately after the ceremony, Mr. and Mrs. Clarke, motored back to Danville and are at home, 853 Pine street.

**BIRTHDAY CELEBRATION**  
An unusually attractive birthday party was given yesterday afternoon by Mrs. J. C. Hester, at her home on Virginia avenue in honor of her daughter, Edith, celebrating her tenth birthday.

There were six tables of Rook made up by the following players: Misses Emily Penn, Lois Wimbush, Ann and Teeny Booth, Rosalind Lea, Emily Hall, Martha Nancy Lea, Juliet Catlin, Mary Page Waddill, Frank Schofield, Helen Linville, Olga and Alice Heard, Margarette Yeatts, Barbara Lea, Martha Wilford, Marian Fitzgerald, Martha Gibson, Harriet Dodson, Mary Lee Edmunds, Nancy Tyree.

The prize, a lovely party bag, was won by Miss Martha Gibson.

After the games Misses Barbara Ann Bendall, Eleanor Pritchett, Marian Hoffman and Nancy Jones called and enjoyed refreshments with the other guests as they gathered about the beautiful table where a lovely three-tiered birthday cake, topped with three burning candles formed a centerpiece about which were strewn flowers and favors. ## The Tangle

An Intimate Story of Innermost Emotions Revealed in Private Letters.

LETTER FROM JOHN ALDEN PRESCOTT TO SYDNEY CARTON

Syd, old man, you certainly are in for it now. I don't know by what hokus-pokus Leslie has come to the conclusion that John Alden Prescott Jr., is your child. But the fact remains she thinks you are that baby's father.

Can you beat it? If what you think is true, and what I am beginning to believe more and more each day that the baby is mine and little Perler's, all I have to say is "greater love than this hath no man," that he take upon himself the parentage of his friend's child.

Honestly, Syd, I don't know what to do. I can't help this thing in any way. I tried to dissuade Leslie from it and she immediately closed her lips, but I could see by the glint in her eyes that she still held to her theory.

What was it, old man, that you said that first night here that would give her that impression? She certainly got it from something you said yourself and the worst part of it all is I think she would rather almost anybody would be the father of that baby than you. Isn't that just like a woman?

She hasn't told me a word about that thousand dollars that you pinned inside the baby's coat and although I think this is very strange, I don't dare ask her about it. Lord, Syd! I am in the devil of a fix. I didn't love the little imp so much. I think I should have him. He keeps me all the time trying to get around things. I think this is very strange of conversation become human documents which point toward you as a gay Lothario who has deceived some poor girl when, if the truth were known, you are innocent. As far as the deceiving is concerned, even if the kid belongs to me, little Perler was never deceived. She is quite as much to blame for his advent into the world as am I and I think she should be the first to acknowledge that fact.

Have you heard from her lately? She is advertised at one of the moving picture houses next week in "Tramping His Heart." The town remembers her and not a few of the men are digging me in the ribs, as they say, if I am going to give a theater party.

Of course I know that there was always more or less talk about Paula and myself, but you are the only person in all the world outside of us who really knows the facts. I want to ask the picture, Syd, and yet I'm afraid to go alone for fear someone will see me slinking in or out, and I am afraid to stay away.

As I said before, I'm in a devil of a fix.

**League Must Obey  
Swiss Traffic Law**

(By The Associated Press.)  
GENEVA, Nov. 7.—In no European town are the regulations on circulation both for roads and sidewalks more strictly enforced than in Geneva. M. Hanotiaux, France's representative for the League of Nations and Quinones de Leon, Spain's representative, had this fact brought to their attention the other day. They were so deep in a discussion that when crossing a street, they came to a halt and continued their argument in the middle of the road, heedless of the desperate gesticulations by the nearest policeman.

"Here, you two, do you suppose that sidewalks were made for dogs only?" asked the officer as he came up to them.

Both men came back to reality with a shock.

"Do you know whom you are addressing?"

The officer laid a hand on each—"I should worry, the sidewalk for yours."

"But, Monsieur, I represent France on the Council of the League of Nations."

And I, Spain, Monsieur."

A broad grin passed over the policeman's face as he replied—"You can represent what you like, but I represent the law."

The two delegates stepped on to the sidewalk without further discussion.

**NEW WINTER WHEAT  
RESISTANT OF BUNT  
AND SMUT ASSAULTED**

(By The Associated Press.)  
WASHINGTON, Nov. 7.—Development of a new variety of winter wheat which is resistant to bunt or smut is announced by the Department of Agriculture. It has been named "Ridit" because it is expected to rid the wheat fields of smut.

The variety was developed by Dr. E. F. Gaines of the Washington agricultural experiment station at Pullman, Wash., in cooperation with the Department of Agriculture. It was bred through crossing Turkey and Florence varieties the latter a smut resistant spring wheat from Australia. Ridit has been found better adapted for the more humid regions than for semiarid regions. A few hundred farmers in eastern Washington planted Ridit this fall to test it in a more complete trial than it has had in experiments.

## LEGION PREPARES FOR ARMISTICE DAY EVENT

American Legion officials were uncertain today whether Senator Royal S. Copeland of New York would be able to be in Danville next Saturday in time to witness the parade of ex-service men and the sham battle, which will take place in the old Fair grounds during the afternoon. It is possible that he will be here but preliminary indications are that the principal speaker on Armistice Day will come to Danville on Sunday morning.

Officials of the organization today were completing plans for the observance of the great day in the history of civilization. Every effort will be made to secure a good turnout of service men on Saturday and to enact a realistic engagement at the Fair grounds. It is proposed that the parade of ex-soldiers and companies and servicemen should form at two o'clock and march to the Fair grounds where the local militia units supported by the Danville Military Institute cadets will be viewed by what promises to be a large throng. The Tank Corps, the hospital corps and the Coast Defense band with the cadets will take part in the engagement which will be fully described before Saturday in order that the watchers will be able to grasp the theory of offense and defense.

On Sunday morning the churches of the city will display their service flags and after the opening of church services at 11 o'clock a minute of silent prayer will be engaged. The regular services at the city churches will be held at night.

The Armistice Day service will be held at the Tabernacle at half past three o'clock at which time Senator Copeland will speak. The program for the service is being prepared and will be announced later. It will be featured, however, by the Danville Schoolfield concert band and a large choir composed of the combined singing organizations of the churches. Col. Sidney W. Minor will introduce Senator Copeland and Waverly H. Cousins, commander of the local post is to preside at the meeting.

Commander Cousins today announced the personnel of the reception committee which will gather to greet Senator Copeland on his arrival here. There are nineteen prominent men and women included in the list as follows:

Mayor Harry Wooding, Harry B. Watkins, president of the Chamber of Commerce, Col. A. Berkeley Carrington, president of the city council, Judge D. Price Withers, judge of the corporation court, Judge Kerr Morehead, Harris, of the Juvenile Court.

**HEALTH FOR  
WORKING WOMEN**

**Let Lydia E. Pinkham's Vegetable Compound Help You to Become Well.**

Thousands of girls have to work in homes, offices, stores, mills or factories who are physically unfit for work, with often an aged or invalid father or mother dependent upon them for support. Standing all day week in and week out, or sitting in cramped positions a girl often contracts some deranged condition of her organic system which calls a halt to her progress and demands restoration to health before she can be of use to herself or anyone else.

For these distressing weaknesses and derangements these girls have found health to do their work in Lydia E. Pinkham's Vegetable Compound.

Brooklyn, N.Y.—"Like many girls, I had troubles every month," says Carolyn Mangels, "and then I interfered with my work as I could never be sure of my time. My mother often suggested that I take Lydia E. Pinkham's Vegetable Compound, but I never did until lately. I have had very good results, and am now a private secretary and do my work without missing a day. I recommend your medicine to every girl who speaks of having troubles like I have had."

—CAROLYN MANGELS, 407 14th St., Brooklyn, N. Y.

**Office Worker Helped**  
Milwaukee, Wis.—"I have taken Lydia E. Pinkham's Vegetable Compound and Lydia E. Pinkham's Blood Medicine for three and a half years, and they have improved my health wonderfully. My mother also has taken the Vegetable Compound and we recommend it to our friends. I am working in an office now and can always do my work as I do not have the troubles I had at first. I read of your Vegetable Compound in the newspaper and you may use my letter in that way if you wish to do so."

—ELEANOR SHELLEY, 587 36th St., Milwaukee, Wis.

**Pains and Headache**  
Webster, Mass.—"I was all run-down, had a bad complexion, and suffered with pains and backache, and was dizzy at times and felt weak. I worked in a mill and my girl friend told me about your wonderful medicine, Lydia E. Pinkham's Vegetable Compound. I am feeling much better since taking it."

—MARY PLAZA, 18 West Street, Webster, Mass.

HOT WATER BOTTLE FULL OF LIQUOR ON NEGRESS

Fannie Bett Jennings, negro woman, who enjoys a reputation of sorts in police circles, was arrested yesterday by Officer Bill Edwards and an investigation of a more or less meticulous nature disclosed a half gallon hot water bottle full of liquor hidden on her person. Fannie Bett put up a strenuous fight to keep from being searched, but Officer Edwards was obdurate. She is now in jail.

PLAN ANOTHER STORY TO EVERY PARIS BUILDING

(By Chicago Tribune Service)  
PARIS, Nov. 6.—The municipal authorities here are studying plans to add a story to every building in Paris to provide homes for thousands of people unable to find lodgings. It is estimated that 33,332 additional apart-

ments will be made available through adding 10,000 stories. On an average of six persons inhabiting an apartment, including servants, accommodations will be provided for 200,000 persons.

## BOND ISSUE DEFEAT NO SURPRISE

The victory of the anti-bond forces  
 in the state of Virginia over the well-  
 organized minority fighting in sup-  
 port of the fifty million dollar issue  
 was by no means a surprise. It had  
 been freely forecast and even ad-  
 mitted by many of the most active of  
 the "pro-bond" workers that the ur-  
 ban centers, in favor of the immed-  
 iate prosecution of the state's large  
 road building programme would be  
 outweighed by the vote in rural Vir-  
 ginia conceded to be opposed ad-  
 ditional a heavy debt on the state which  
 would take years to liquidate. As to  
 the election of a new state House and  
 senate membership, this was a per-  
 sonal matter since there were no  
 Republican nominees and had there  
 been there would have been no mis-  
 givings over the outcome. It is  
 worthy of note, however, in yester-  
 day's election that an even wider  
 recognition of woman's place in the  
 councils of state was granted, two  
 being elected to the House where  
 they will take their place on January.  
 This will be the first session of the  
 Virginia legislature in which women  
 have had their place.

## A HANDSOME BEGINNING

The splendid initial report made at  
 the launching of the Community  
 Chest campaign—Danville's second  
 similar undertaking bears a message  
 of encouragement to those who are  
 starting out today on the city-wide  
 canvass. At last night's supper at  
 the Y. M. C. A. when the teams in  
 the four divisions received parting in-  
 structions announcement was made  
 that more than half of the \$65,000  
 sought in the campaign had been al-  
 ready pledged by work quietly done  
 in the city, notably among the large  
 local corporations. The fact that  
 these business enterprises have given  
 the Community Chest the imprimatur  
 of their wholehearted endorsement is an  
 encouraging sign. It is evidence of  
 recognition of the efficacy of this  
 means of securing sustaining funds  
 for those organizations which are en-  
 gaged in charity and other social wel-  
 fare work in the city.

## CHARRED REMAINS OF WOMAN FOUND

**(By The Associated Press.)**  
 BIRMINGHAM, Ala., Nov. 6.—The  
 charred body found in the ruins of  
 a church near Tuscaloosa has been  
 positively identified as that of a  
 Birmingham woman, Chief Deputy  
 Sheriff H. S. Hill of Jefferson county  
 said today upon his return from a  
 personal investigation and conference  
 with authorities of Tuscaloosa county.  
 Beyond the fact that the woman  
 was from Birmingham, Deputy Hill  
 would not give any other information  
 because of "certain complications"  
 which he said must first be cleared up  
 though he did say that the body is  
 not that of any of the women and  
 girls previously named in the investi-  
 gation.

## SHREVEPORT, La., Nov. 6.—A

young woman whose home is at Hales-  
 ville, Alabama, notified Chief of Police  
 Reiter here today that she was the  
 person who rode with Alvin Karpis  
 on the train from Birmingham to Tus-  
 caloosa, and she did not leave the  
 train at Tuscaloosa but continued  
 on to Shreveport.

## DRINKS

Tooze simply had to go when the  
 fast motor car began coming into  
 widespread use. The auto is danger-  
 ous enough without a crazed and in-  
 different run behind the wheel.  
 The auto and booze can exist sepa-  
 rately, but together they make a  
 deadly combination.  
 The drunken driver is as dangerous  
 to society as the thief carrying con-  
 siderable wealth. Canada has an  
 interesting system: An auto-  
 let arrested with the smell of liquor  
 on his breath goes to prison.

## APPLES

Did you know that this year's crop  
 of apples was the biggest our country  
 ever had? The total? About two  
 billions for every man, woman and  
 child.  
 Here is over-production if there  
 ever was any such thing. If a stu-  
 dent of economics, don't neglect to  
 price apples. You'll learn something  
 about the law of supply and demand  
 —supply little, demand much.

## HOME

The modern home has become  
 merely a place in which to sleep,  
 laments Rev. Dr. Caleb R. Steison  
 of New York. "We no longer live in  
 homes. We live in rooms. The in-  
 terests of the members of the fam-  
 ily are mostly outside the walls of  
 the apartment we call home. Home life  
 is nearly impossible in modern indus-  
 trialized society."  
 Granted. What's responsible? Many  
 things. The chief one is the auto.

## DERBY

The derby, popularly known as  
 "iron hat," appears to be doomed. It  
 still has a big sale in the eastern  
 states, but the trend nationally is to-  
 ward soft felt hats and caps.  
 Rejoice and be exceedingly glad. The  
 derby fits so tightly that it inter-  
 feres with flow of blood in the scalp.  
 Causes baldness.  
 The hat, in general, is useless ex-  
 cept in severe weather, for nature  
 grows hair on the head to protect it.  
 Will another generation go bare-  
 headed? Probably not. For that  
 would be too sensible. And the trend  
 is away from common sense rather

# Issue Warrants for Four Klan Officials

**Simmons Faction Expresses Fear of Injury at Hands of Evans and His Men as Grounds for Peace Warrants—Is Aftermath to Coburn Killing—Fox Is Indicted.**

(By The Associated Press.)  
ATLANTA, Ga., Nov. 7.—Peace warrants issued for the arrest of Dr. Hiram W. Evans, imperial wizard of the Ku Klux Klan, and three other officials of the Imperial Palace on complaint of Dr. Fred B. Johnson, chief of staff, and of William Joseph Simmons, Klan emperor, who was quoted as having expressed fear of injury at "the hands of the Evans faction," stood today as the latest development following the shooting to death late Monday of W. S. Coburn, attorney for the Klan faction fighting Evans, by P. F. Fox, editor of the Knight Hawk, Ku Klux Klan publication and publicity agent for the Klan.

Service on the warrants had not been obtained at an early hour today and deputy sheriffs were scheduled to resume their search during the morning.

Associates of Dr. Evans named in the warrants were H. K. Ramsey, imperial kligriff, or national secretary of the order, Brown Harwood, imperial klazik, or head of all grand dragons and T. J. McKinnon, head of the investigation department of the Klan.

The warrants were issued according to newspaper men by Judge T. O. Hathcock late last night, when Dr. Johnson went to the judge's home to make his complaint. Judge Hathcock was reported to be suffering from a cold and was said to have returned early and to have issued the warrants from his sleeping porch.

Dr. Johnson was quoted as stating to Judge Hathcock that his reason for asking for the issuance of the peace warrants was fear for his safety, due to the killing of Coburn by Fox and subsequent statements to him (Dr.

Johnson) by Fox that Dr. Johnson, E. Y. Clarke, emperor Simmons and Coburn were all "about to go."

In a previous statement, issued shortly after the killing of Coburn, Dr. Johnson said Fox had called on him last Sunday at the home of Emperor Simmons and said:

"I have been sent here to kill you." Dr. Johnson today was quoted as saying to Judge Hathcock: "Although I did not believe Fox at the time, the subsequent shooting of Coburn has caused me to fear bodily harm at the hands of the Evans faction."

Dr. H. W. Evans, imperial wizard, early today, was said to be either in New York or on his way back to Atlanta, together with Paul D. Etheridge. McKinnon was said to have been at his residence at Norcross, Ga., and Ramsey and Harwood, who live near the Imperial Palace, were not at home last night. Deputy sheriffs who attempted to serve the warrants at the residences reported. The deputies late last night expressed the opinion that the two men were out of the city.

Fox, indicted yesterday afternoon for murder in connection with the killing of Coburn, still remained silent today concerning the motive for the shooting. Other than his first statement to the effect that Coburn in his possession documents that would "ruin" him, Fox has said nothing that might hint at his reason for the crime. Existence of any such documents was denied by Dr. Johnson who said he had aided Coburn in preparing the papers Fox is said to have believed would be damaging to his character if made public. Dr. Johnson was quoted as saying that Coburn and Fox were comparative strangers.

Newspaper men said that Fox, after spending an apparently sleepless night Monday night following the affair, was in a highly nervous condition during the day yesterday, but seemed to become more normal last night.

Announcement was made from the solicitors office last night that a conference between investigators and prosecuting authorities would be held today for the purpose of reviewing the evidence in hand in connection with the slaying of Coburn.

## Caddy Called Child Genius

JOHN WIKTORA.

BY GEORGE BRITT  
(Special to The Bee)

CHICAGO, Nov. 7.—What can a golf caddy do between games except shoot craps?

Well, John Wiktora paints pictures.

John was painting one dull day two years ago on the flat roof of a building of the South Shore Country Club here, where he caddies and where his father has a job. As he climbed down from the roof a club member saw him and questioned him. John then was 10 years old.

**Youthful Genius.**  
"I'm an artist," he explained, his gray eyes looking over the member in dead earnest. "The lake is beautiful from up there, with all boats going out and the sun shining on the blue. My father said it was all right to go up and paint."

So it happened that the member became interested and told Carl N. Wernitz, director of the Chicago Academy of Fine Arts. Director Wernitz asked John to come down to art classes without paying any tuition, and the boy has been a student there ever since. The expense of his drawing materials he earns on the golf course.

"He is the most promising child genius we ever had," is the way the director describes him.

He is just a little boy painter, it is his work, with that of a student he could paint like Whistler now.

But his work shows the mark of the gods upon him, and he has the initiative and interest and the love of painting which are necessary to develop his talent.

**Painting His Play.**  
"Would you rather paint than play ball?" a visitor asks John. "Or than go swimming at the beach, or—"

"Or anything else?" the boy completes the question. "Sure I would."

John is an only child, and his imagination has been nourished upon an endless succession of romantic folk tales which his mother brought from her native Bohemia.

"My mother knows a thousand stories," he says. But his interest in painting was first stirred by an artist who lived with them.

**Works With Oils.**

"She would have been an artist if she could have taken lessons when she was young," says the boy. "She used to draw for me, and then I began making pictures myself."

"I took lessons for a time from an artist on the South Side. He charged 35 cents for an afternoon. I made that money by running errands. That was four or five years ago."

John's pictures are those of a boy, as his instructor says, but already he is working in oils, the most advanced medium.

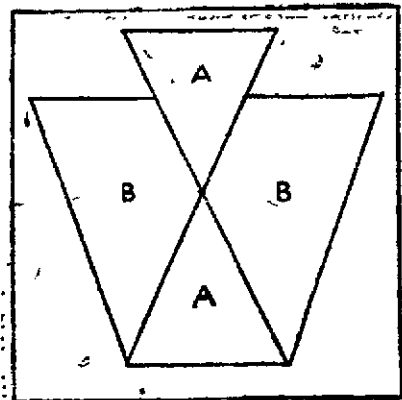

And if you are doubtful, just come to his work, with that of a student he could paint like Whistler now.

His age at the next easel.

campaigns for recognition are being conducted at the same time. One is for political recognition and the other is for some form of limited recognition having to do only with trade relations. The object of this, as reported in communist circles here and abroad, is to win with the second if the first fails. However, it has been learned from German sources that a representative of the soviet government is already in the United States bearing credentials as ambassador from soviet Russia ready for presentation the minute recognition has been granted. These credentials are similar to those carried by Ludwig C. A. K. Martens who was deported by this government.

## DAILY PUZZLE

A man stood at the corner of two streets. Beside him was a sign post with two name plates at right angles to each other, telling the names of the streets. The post, however, had fallen to the ground. How did the man, who was a stranger in the locality, discover which street was which?

## BIG SUMS TO FINANCE SOVIET DRIVE IN U. S.

(By Chicago Tribune Service)  
WASHINGTON, Nov. 5.—Approximately three million dollars gold have been sent to the United States by the Communist Internationale within the last three months to finance the campaign for recognition of soviet Russia, which has already begun, according to a statement by R. M. Whitney, director of the Washington Bureau of the American Defense Society, issued today.

"Financial papers in Berlin have recorded several shipments of Russian gold to the United States within the past three months and no secret is made of the purpose for which this money is to be used," said Mr. Whitney. Berlin being the official headquarters of the Communist bureau for the dissemination of propaganda in the United States, the financial wires have been able to get information that is kept secret in this country. It is frankly stated that the millions are to be spent to bring about the recognition of soviet Russia by the United States. Mention is made of the various members of the United States Senate and the House of Representatives who visited Moscow this year, many of whom are expected to lead in the fight demanding recognition. We have already heard the opening guns of this campaign.

## ROAD OFFICIALS PASS THRU CITY

A special train of seven cars passed through Danville last night carrying a number of officials of the Southern Railway Company who are on their annual inspection of lines east. The party expects to return to Danville for about an hour at noon today and will then be switched to the Norfolk Division and make the journey to the seaport.

Included among the officials making the tour are General Manager R. E. Simpson of Washington, D. C., General Superintendent J. D. Shelton of Greensboro, N. C., Superintendent of Telegraph and Telephone J. A. Jones, Chief Engineer and Manager of Ways J. B. Akers, and Engineers G. L. Stilton of Danville, Kilian of Knoxville and Buckley of Charlotte, N. C. Superintendent of Safety D. H. Beatty, Fire and Timber Agent Clark, Superintendents De Ramus and H. H. Althir. In addition there are 30 road masters and supervisors. The trip has consumed two weeks.

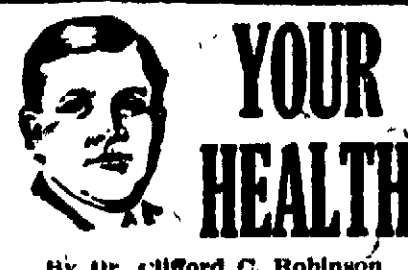

## BLACK-DRAUGHT SINCE BOYHOOD

Louisiana Man Attributes His Fortunate Escape From a Serious Epidemic to the Use of Black-Draught.

Holiden, La.—"When I was just a boy at home," says Mr. F. D. Rober, son of this place, "my father and mother used Black-Draught, and I found then what a wonderful medicine it was for the liver and for indigestion. I have used it on from then to now. Finding it was good for headache, indigestion, bloating after meals, and colds."

"A couple of years ago, every one, almost, around me was having the flu. I took a cold and was feeling bad. I thought then I would take Black-Draught. I took a good big dose every night, and I can't begin to tell you how much good it did me. I was able to stay up and wait on others, and I believe my good fortune was due to the use of Black-Draught. I wouldn't be without it in my home. For it is the best medicine I have ever used."

By keeping your liver and stomach in good order, you stand in little danger of catching the serious ill that occasionally becomes epidemic, spreading through town and country. Black-Draught is composed of medicinal roots and herbs, finely powdered and carefully mixed in the right proportions to act naturally on the stomach and liver. It has been found to improve digestion and to relieve constipation in a prompt, safe way.

## YOUR HEALTH

**CORRECT POSTURE**  
Correct posture, in sitting, rising, standing, walking, stooping or lying, is of great importance to health.

When your spine is bent and the body is "slumped" or in a stooping position, both the chest and the abdominal cavity are flattened and restricted. The action of the vital organs, in these two cavities, is interfered with. If kept up more or less all day, the loss in blood circulation will result in harm that can hardly be measured.

In climbing stairs hold the trunk erect. Use your feet and legs to lift you upstairs and not have your body bending over and swaying from side to side. The same thing is true about posture in sitting or during sleep. An erect back posture, during study or office work, will conserve your nerve force to a marked extent.

Sleep with your trunk straight and legs extended. A bent trunk or spine during six or seven hours of sleep will cause a decided loss in nerve force and interfere with proper circulation. It will cause uneasy and restless sleep and the waking hours may mean a severe headache or loss of appetite for a nourishing breakfast.

One of the most common forms of lack of proper posture is the bent or drooping shoulders, both in youth and adults. In children, this may be aided by having the weight of the clothing properly adjusted.

In adults, as a result of bad posture, the lower back muscles become strained. The effort to relieve this strain on the sacrospinous joints, causes bent back and drooping shoulders. The strain on these same joints through improper posture, causes backache in many cases.

The strain is not alone common to the back, but is also felt in the legs. Many cases of so-called sciatic and rheumatism may be traced to improper posture.

# Many Are Killed in Reaction from Strike

**Twenty Killed, Many Injured in Rioting and Bombing in Poland.**

(By The Associated Press.)

WARSAW, Nov. 7.—Twenty-three persons have been killed and three score wounded in rioting and bombings growing out of the strike of railway workers.

The disorders occurred despite the agreement of the socialists to call off the strike in return for the government's promise to withdraw military from the railroads.

The most serious riot was at Cracow, where a crowd surrounded and disarmed a company of infantry. The men were rescued by a cavalry charge in which twenty persons were killed. Most of the dead were soldiers including three officers.

Cracow has been the scene of communist propaganda of a most active sort, directed according to the government, by outside leaders.

A bomb exploded in Warsaw yesterday morning in the headquarters of the socialist killing two persons. The city was alarmed by the disturbance but no further trouble occurred.

A socialist leader was killed in Boreyslaw, Galicia, in the course of a disturbance in that town.

Troops are policing the cities and no other outbreaks are reported.

The apparent settlement of the strike is attributed to the failure of the socialists and communists to succeed in inciting sufficient disorder and economic disturbance throughout the country to make a tie up of the roads effective.

## KENDRICK NAMED MAYOR OF PHILA.

PHILADELPHIA, Nov. 6.—Republicans today elected W. Freeland Kendrick mayor of Philadelphia by one of the largest votes in a mayoral election in this city in recent years. The fact that Kendrick had no independent opposition made the Republican victory an easy one. Party leaders claimed that the final count of ballots would show a majority of more than 200,000 over Raymond Raff, the Democratic candidate.

## MORE LEAVE OFF HUNGER STRIKE

(By Chicago Tribune Service)  
DUBLIN, Nov. 6.—The defense ministry reported tonight that 100 more republican prisoners have left off their hunger strike, leaving only 570 who still scorn to eat. Republican headquarters deny reports that the strike is off completely in Cork. Thirty prisoners have been liberated.

A republican bulletin tonight states that Eamonn de Valera, acting on strict instructions from the Republican cabinet, is not taking part in the hunger strike. He is in solitary confinement in Kilmainham prison.

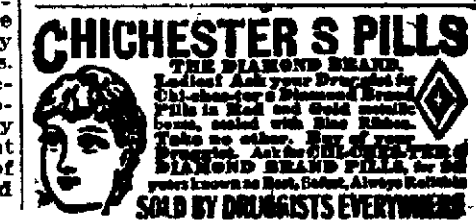

## CROWN PRINCE AT WIERINGEN

(By The Associated Press.)  
DOORN, HOLLAND, Nov. 6.—Confirmation was obtained today of the report that former Crown Prince William had not yet left Wieringen where he had been residing since his internment in Holland.

Former Emperor William is maintaining close relations with the leaders of the monarchist movement in Germany.

## A Neighbor of Yours

Will pay less for coal this winter.

He took out his old-fashioned heating equipment and installed ARCOLA in the kitchen, connected with an American Radiator in each room.

You live only once—why not live in real comfort, like these satisfied ARCOLA owners, who write:

**Radiator warmth without running water**

"I never dreamed I could have radiator warmth in my home without running water until I put in ARCOLA. I have had to put in only a single bucket of water all season. Best of all, ARCOLA costs me about a third less to run than my stoves did."

**No ashes—no dust—little attention**

"We are great admirers of ARCOLA. It stands in the kitchen and takes up very little room. No ashes, no dust and little attention even on real cold days. Our neighbors are always glad to come to our house with our radiator warmth."

**Less fuel to heat the whole house than formerly used to heat one floor**

"With ARCOLA we actually use less fuel to heat the whole house now than we formerly used to heat the first floor only. And the house is evenly warmed all the time. Besides, ARCOLA is so clean compared to the old-fashioned stoves we had."

**The best investment we ever made**

"I can truthfully say that ARCOLA and American Radiators have added more comfort and given us more real pleasure than any other added improvement we ever made in our home."

If you live in a house heated by stoves or an old-fashioned heating plant; if you are hot in one room and cold in the next, ask your Heating Contractor for the book that tells about ARCOLA. This sign at the right is the mark of the stores which sell them.

## A THREE DAYS' COUGH IS YOUR DANGER SIGNAL

Chronic coughs and persistent colds lead to serious lung trouble. You can stop them now with Creomulsion, an emulsified creosote that is pleasant to take. Creomulsion is a new medical discovery with two fold action; it soothes and heals the inflamed membranes and kills the germ.

Of all known drugs, creosote is recognized by the medical fraternity as the greatest healing agent for the treatment of chronic coughs and colds and other forms of throat and lung troubles. Creomulsion contains, in addition to creosote, other healing elements which soothe and heal the inflamed membranes and stop the irritation and inflammation, while the creosote goes on to the stomach is absorbed into the blood, attacks the seat of the trouble and destroys the germs that lead to consumption.

Creomulsion is guaranteed satisfactory in the treatment of chronic coughs and colds, bronchial asthma, catarrhal bronchitis and other forms of throat and lung diseases, and is excellent for building up the system after colds or the flu. Money refunded if any cough or cold, no matter of how long standing, is not relieved after taking according to directions. Ask your druggist, Creomulsion Co., Atlanta, Ga.—adv.

## No Trace Found Of Two Convicts

(By The Associated Press.) PHILADELPHIA, Nov. 6.—State police and prison officials, augmented by scores of city police and detectives, systematically combed the city today but found no trace of two desperate convicts who escaped from the Eastern State penitentiary last night. Another convict was shot dead almost as he stood on the threshold of freedom, while a fourth was captured before he ran a hundred yards from the prison.

A dramatic scene was enacted within the gloomy walls of the penitentiary just before the three desperadoes stealthily walked through the huge gates. Within a vaulted chamber, about twenty feet square and twenty feet high, constructed of steel and stone was fought a furious pistol battle. Convicts and guards emptied their guns at each other at close range.

First came Joseph Lorimer, one of the convicts, who had been detailed to make repairs to the administration building. A guard, Joseph Gilbert, looked up in time to see above his head an upraised blackjack in Lorimer's hands. The blackjack fell and Gilbert wilted under the blow. He whipped out his pistol, however, pumping several shots into the convict's body. Lorimer died almost instantly.

The narrow chamber reeked with gun powder and resounded with the barks of the pistols and the shouts of the men. Lorimer's pals were all armed. Their pistols were turned on guard, on duty nearby.

Soon Francis J. Flynn and George Duback, two of the convicts dashed from the gates, which they laboriously swung wide open. Emil Brody, alias Brudman, for a moment remained behind, playing a hall of bullets on the prison guards. Brody then joined his comrades.

All three tried to commandeer a taxi, but three driver became frightened and drove his machine against a telegraph pole. They tried to board a touring car but the driver shouted "police" at the top of his lungs and they gave up the attempt.

A corps of prison guards streamed forth from the penitentiary armed with shotguns and pistols, but Flynn and Brody had fled.

## SAYS WOMEN MORE TRUTHFUL ABOUT POLITICS

(By Chicago Tribune Service.) WASHINGTON, Nov. 6.—Women are much more truthful and direct in expressing their preferences for presidential candidates than men, William C. McAdoo told the Women's National Press Club today, without committing himself as to whether or not he is himself a candidate, and proceeded to prove it by a story prompted by the remark of a Republican member who said as she shook hands with him:

"I hope you are not going to be a candidate, Mr. McAdoo. You would give us such a hard fight."

"Now that," said Mr. McAdoo, "reminds me of an incident that occurred when I was speaking for a charity in St. Louis. After the meeting I was shaking hands with the people, when a lady came along the line

who, looking me in the eye, spoke the truth, right out, straight from her heart: 'Mr. McAdoo,' she said, 'you will never be our president.'"

"And I said, 'My dear madam, you do not know how you have relieved my mind.'"

"And that is how I feel today," Mr. McAdoo concluded.

## EGGS JUMP 11 CENTS IN CHICAGO

(By Chicago Tribune Service.) CHICAGO, Nov. 6.—Eggs jumped up 11 cents a dozen for strictly fresh and fresh storage firsts today, thereby exciting the suspicions of the Council Committee on the cost of living, which is anxious to know the reason. The advance in strictly fresh from 42 to 53 cents, means that the consumer will have to pay 60 cents a dozen.

The investigators were told that the cold spell of last week had brought about a shortage, but no one but the speculators appears to have noticed the "cold" weather. Farmers admit the hens have not yet discovered that the weather is too cold to continue laying. At this time of the year, speculators show up the price of eggs on any pretext whatever, and it is most difficult to pull the prices down before the warm days of Spring.

## This Little World

By DON RYAN

LOS ANGELES, Nov. 7.—Martin's restaurant on Grand avenue is something of a theatrical rendezvous for the friends of the "Theatricals" in Times Square. The same bobbed locks, blond and curled. The same sharp profiles of escorts. Actress and agent—actress and boy friend—the same crowd. The same conversation about show business, with the voice of Al Bryan, the song writer, dominating it.

Al is lunching today with Manny Lowenstein—Manny, who gets letters from George Cohan and Sam Harris signed, "Your Pal."

"It's tragedy," Al is saying, emphatically, as he vesticulates under Manny's nose. "The subretries who have to get old. Blanche Ring—Anna Held. Before she died I've seen Anna Held look at one of these little chorus beauties with a look that said she'd rather be that unknown girl than that girl's youth than herself."

They sigh in concert. The dishes rattle in sympathy.

Los Angeles and all the Southland.

as the local newspapers call southern California, is agog over the new drive. It was recently launched by the Chambers of Commerce from San Francisco to San Diego, for an educational campaign in favor of California Christmas Sunshine Greeting cards.

"Why," exclaims the passionate promoter, "Why should Californians send back to their eastern friends postcards showing scenes of ice and snow, entirely foreign to our beautiful land of sunshine and flowers? Let 'em send Christmas cards showing roses, oranges, palm trees—everything that is typical of California."

"Moreover," resumes the promoter sententiously, "these cards are made right here in sunny California."

Another movement just launched in Los Angeles and described as perfectly lovely by the Associated Women's Clubs, is the movement for this city to produce its own grand opera. "Aida" was put on with more or less success recently in the Hollywood bowl. The cast was very complete, including one elephant and several movie actors, who carried spears in the triumphal procession. The sterling performance of the elephant received general favorable comment.

No more politics in the police force, is Mayor George B. Cryer's new slogan. In the recent civil service examination for chief of police, August Vollmer, who gained a reputation as head of the Oakland force, came out winner. His grade was 78. The other applicants—most of them old-time coppers—fell down on spelling, hisography, reading, writing, arithmetic and geography.

## Michigan Has 5 Gridiron Stars

ANN ARBOR, Mich., Nov. 6.—In the last few seasons, Western Conference schools have turned out some great football stars. Many of these have played on the same teams together. For instance, Ohio State, Michigan and St. Louis, Iowa, Delaware and Locke; Wisconsin, Williams and Tobell, and so on.

Two outstanding stars on an eleven have been the rule rather than the exception at quite a few of the institutions. This to a great extent has accounted for the class of aggregations Big Ten competition has witnessed during the more recent campaigns.

But consider the Michigan outfit of this season. Instead of boasting of but two celebrities in its line up, the Vost machine includes no less than five real footballers—five chaps who bid fair to rank high in gridiron circles. They are Captain Harry Kipke, All-American halfback, Herbert Steger, sensational triple threat artist, Irwin Uteritz, quarterback, Stanley Muirhead, tackle, and Jack Blott, center. Uteritz made the third All-American eleven last fall. Muirhead was named on the All-Western outfit.

This quintet of stars represents the bulk of the strength of the Michigan aggregation this season. Three of these backs—Kipke, Steger and Blott—were one of the greatest offensive combinations the Big Ten has seen in some years. Muirhead and Blott, on the line, are without a doubt in the class by themselves of their respective positions. Blott, incidentally is an expert at placement goals, an almost sure thing from any angle or distance. Muirhead's tackling has been as good as the best in the nation. He has been in some time. Time and again he has beaten the ends down under punts and nailed the receiver in his tracks. On offense his work has likewise been of high class. This will be the last season for three of the five. Kipke, Muirhead and Uteritz; Steger and Blott, each has another year of competition.

## LEADERS LOOK TO KENTUCKY TO POINT TREND

(By The Associated Press.) LOUISVILLE, Ky., Nov. 5.—Political leaders and observers all over the country turned their eyes toward Kentucky tonight on the eve of this state's off-year election. During a hard fought gubernatorial campaign national issues have been given a place equally as permanent as issues of importance to Kentucky voters; only the result of Tuesday's election, political leaders are expected to base opinions as to the 1924 campaign.

Charles I. Dawson, Republican candidate, has made the race on the accomplishments of the national administration and the administration of Governor Edward P. Morrow, Republican.

Democrats, under the leadership of William J. Fields, Mr. Dawson's opponent for the governor's chair, have attacked bitterly the national and state Republican administrations. Woodrow Wilson, in a telegram to Lewis Humfrey, editor of the Louisville Post expressed his interest in the election and said he hoped "that Kentucky will show its real colors in the political field and vote overwhelmingly for the Democratic party in which alone there is the possibility of action that will serve the country and all of the world."

## CASHIER OF BANK SHOOTS HIMSELF

(By The Associated Press.) WEBB CITY, Mo., Nov. 6.—B. F. Ball, cashier of the Merchants and Miners Bank, was found dead today with a revolver beside him. Two bank examiners arrived last night to check up the books of the bank.

Ball was a son of George W. Ball, who reputed to be very wealthy. His body was found on the outskirts of town. His automobile was nearby.

Mr. Ball disappeared last night after arrival of the bank examiners.

## INCREASE IN DEPOSITS OF BANKS ARE SHOWN

ST. PAUL, Nov. 6.—Trade gains thruout the northwest as compared with last fall are reflected in a ten per cent increase in deposits of state banks in the Twin Cities. Deposits of national banks have increased 3 per cent, but the average gain for all banks in the two cities is 6 per cent. Resources have increased correspondingly, savings accounts have improved and discounts have diminished. Automobile sales have been stimulated by favorable weather and heavy advertising in connection with closed car displays. Employment will be given 300 men with the completion of the new Great Northern refrigerator repair shops which cost \$200,000. These shops will be leased to the Western Fruit Express Company.

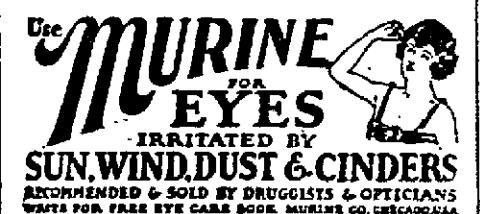

(By The Associated Press.) CHARLESTON, W. Va., Nov. 6.—R. M. Lambie chief of the State Department of Mines, left here for Glen Rogers this morning after giving orders to assemble all mine inspectors there. At the department offices it was said that the report of the explosion there gave little details.

Officers of the company here said they had received no report of an explosion but, according to the mine department their report came direct from Glen Rogers.

Wyoing Company at the mine said over the telephone that he did not know how many men were in the mine, how many had been reported, what was the nature or cause of the explosion, or how many men were engaged in rescue work. He refused to answer any other questions and cut off the conversation.

## Rutgers Badly Beaten By W. Va.

NEW YORK, Nov. 6.—The ranks of unbeaten college eleven lost another member this afternoon when Foster Sanford's bulky Rutgers array was mopped up by Clarence Spear's West Virginia eleven by the score of 27 to 7 at the Polo Grounds.

The New Jersey outfit proved no match for the Mountaineers and but for two successive errors by Nardacci never would have scored on Spear's team. The latter was guilty of mental error when he caught a kick that would have rolled for a touchback, and was guilty of a physical error when he promptly fumbled the ball. Rutgers recovered West Virginia's two yard line and smashed through for their single score.

Mountaineer points came as the result of brilliant and impressive marches up the field varying in distance from 60 to 75 yards.

The play of Eckberg, George Hill and Nardacci featured for the winning team.

## TWO RAILROAD MEN AWARDED MEDALS FOR HEROIC CONDUCT

WASHINGTON, Nov. 6.—Two railroad employees, Lawrence P. Lapp, of Cozard, Neb., and James A. Underwood, of Sherport, La., have been awarded medals upon recommendation of the Interstate Commerce commission for bravery and meritorious conduct.

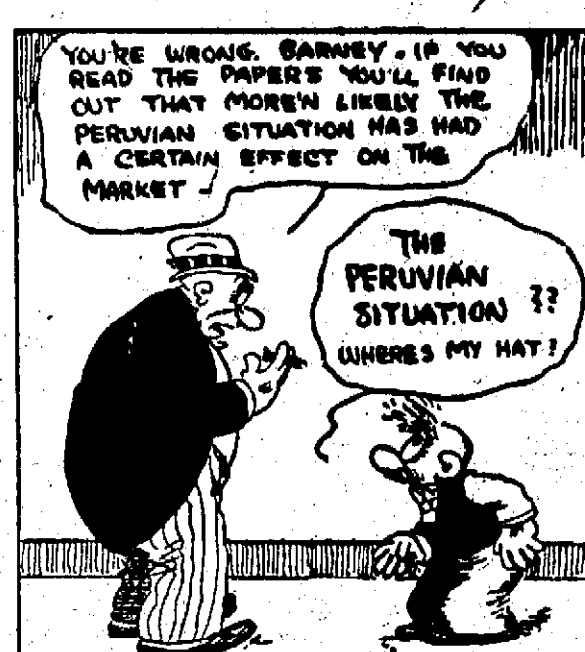

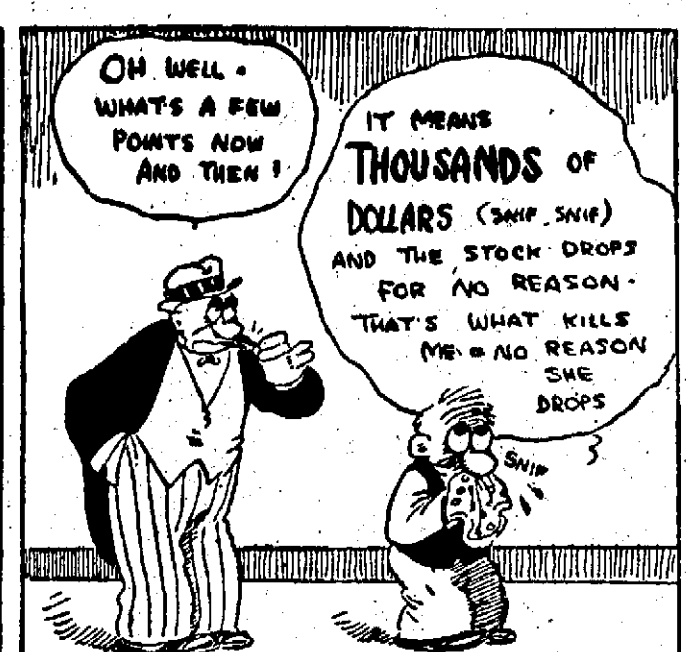

Lapp, employed by the Union Pacific at Cozard, stepped in front of a passenger train to rescue a woman and succeeded in getting her to safety without being injured.

Underwood, a switchman on the Kansas City Southern, riding on the tender of his engine, reached forward an afflicted another woman to safety when the train threatened to run her down. He was hurt slightly in performing the act.

President Harding before leaving for the western tour on which he died approved the award of the medals. Since February 23, 1905, when the practice of awarding medals to railroad employees was instituted, 24 persons have been so honored.

## Harvard to Put In Their Final Practice Today

(By The Associated Press.) NEW YORK, Nov. 7.—Harvard gridiron warriors are expecting today their last hard scrimmage before the Princeton game Saturday—the first of the big three contests—as they leave early Thursday for Tiger town to get their last light workouts on the Princeton field and become acquainted with the locale.

Speed was the demand yesterday of Coach Bob Fisher when he put the Crimson through their tricks at Cambridge, both the first and second varieties going against the scrub teams and showing adeptness in solving the Tiger plays used by the latter.

At Princeton the varsity scored three times in a short workout against the omelettes, using Harvard formations and the scrubs were unable to gain much. There was an hour of hard scrimmaging in the rain before Coach Bob Fisher called it a day.

Yale, more confident since its victory over the Army, will have only one hard scrimmage this week in preparation for Maryland Saturday. The Cadets at West Point went on to the field the field time since the Yale bowl debacle and had a secret session with their drill master. The Cadets play Arkansas Aggies Saturday.

The Navy, with some regular absentees, scored repeatedly on the scouting fleet team yesterday in limbering up for St. Xavier, which comes for the week-end.

Miske has recovered from his several months illness.

## ELAINE RIOT CASES CLOSED

(By The Associated Press.) LITTLE ROCK, Ark., Nov. 5.—Governor T. C. McRae today commuted to twelve years imprisonment death sentences imposed on six negroes convicted of murder four years ago and sentenced to be electrocuted in connection with the outbreak at Elaine, Arkansas, in 1919, in which several white men and an undetermined number of negroes were killed. Action of the governor was taken on a petition of a number of residents of Phillips county, in which Elaine is located and members of a commission named by the governor to investigate the outbreak.

Commutation of the sentences of the six men disposes of all the cases pending in the court as results of Elaine disorders. Six negroes recently were freed after the state supreme court upheld a contention of their attorneys that they could not be retried because of the law which requires that the retrials occur within two court terms which requirement, the defense held, had not been complied with.

Death sentences, imposed on those granted commutations today were affirmed by the Arkansas supreme court and an order obtained directing the federal district court here to review the proceedings in the Phillips county court.

## MEASURE AIMS AT BREAK WITH ENGLISH CHURCH

CALCUTTA, Nov. 6.—The Indian church measure, which provides that India, Burma and Ceylon follow the example of Canada, Australia and South Africa in breaking off from the Church of England and establishing a national Indian church, has involved both clergy and laity in a voluminous newspaper controversy, and threatens to result in a schism among Anglican religious communities.

The movement advocating a national church in India has been increasing gradually since 1912 when a representative gathering of the Anglican denomination in India expressed a desire that the church in India should have full synodical government. The present proposed measure, which would free the Indian church from the control of Canterbury, is advocated by the bishops of India, and by the clergy generally, but is meeting with intense opposition from many of the English laity.

Those opposed to the measure hold that the English forms of worship, and the English prayer book, are essential to the welfare of the church, and fear that an Indian church, under Indian control, would break away from the English traditions, in respect to both doctrine and ritual. British residents in India, it is further contended, would be unable to find a national Indian church congenial to their interests.

The Bishop of Calcutta is an advocate of the proposed self-governing church.

## WHEELER LAUDS WORK OF UNITS IN ENFORCEMENT

(By The Associated Press.) WASHINGTON, Nov. 6.—The record attained by the prohibition unit of the Treasury in enforcement is one of achievement, Wayne B. Wheeler, general counsel for the Anti-Saloon League, declared in a letter sent today to Secretary Mellon. Mr. Wheeler congratulated the secretary on his recent statement of enforcement results and asserted that the federal law was as well enforced as were state prohibition laws in thirty three states, which enacted them, during the first year of their operation.

After observing the growing sentiment over a thirty-year period, Mr. Wheeler told the secretary, he has more reason to be confident of the final victory today than at any time.

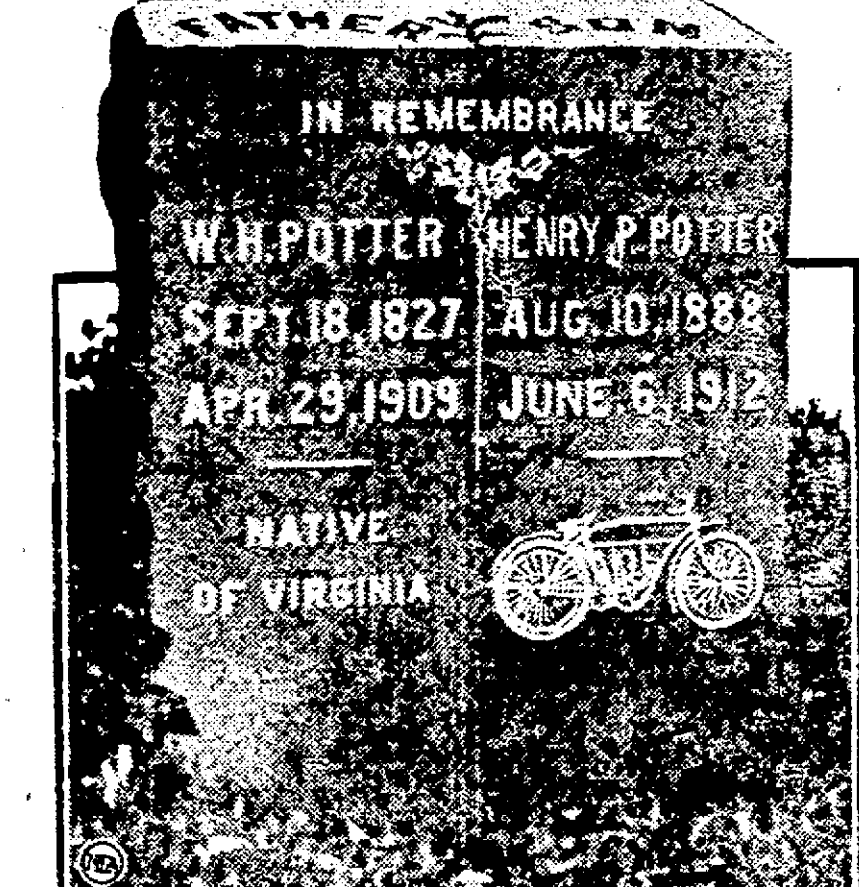

"If state and federal officers and the people will co-operate in carrying out the comprehensive law enforcement program outlined by President Coolidge and endorsed by the governors, even greater gains will be recorded. We shall see little greater results when the 300,000 state and local officers become as active as the 1,522 federal agents, who in co-operation with the Justice Department, have been able to secure 72,489 convictions under national prohibition."

## AMERICAN SAILOR KILLED IN FALL OF 1,000 FEET

HONOLULU, Nov. 6.—After falling 1,000 feet from the top of the Paia, a rock cliff near here, over which thousands of Oahuans met death in the early history of Hawaii, as they fled from the invading army of the King of Hawaii, John Andrews, a water tender stationed on the U. S. S. Seagull, was rescued from a narrow ledge on which his body lodged. Rescuers ascended 500 feet up the cliff with ropes. The task required four hours and was finished after darkness fell by the light from torches made from the clothing of the rescuers.

Andrews' legs were broken and his skull fractured, he died today.

## JOHN L. FAILED IN EFFORT TO DIG UP LAD TO BEAT GANS

BOSTON, Nov. 6.—Joe Gans was one colored fighter who was highly esteemed by boxing devotees of all shades. The Baltimore oyster fiend whose reassuring message to his mammy, apropos of the outcome of an impending fight, "I'll bring home the bacon," now occupies an exalted place in American slang, was not only a remarkable boxer but a quiet, well-mannered man.

His white competitors conceded his rare skill and many ring authorities of uncommonly sound judgment insist today that Gans was the greatest lightweight of all time. But John L. Sullivan, the Boston heavy weight, never thought so. John had a positive dislike for Gans, and spent much of his time trying to unearth a man to beat him.

Sullivan was always on hand when Gans battled—always in the hope that he would see the colored man punched lifeless. On one occasion Sullivan even went in the corner of a Gans opponent. This was when Spike Sullivan met the Marylander before the Broadway A. C. at New York.

John L. was in a particularly snarly mood and his instructions to Spike were thickly buttered with vicious invective. Spike, however, was hopelessly outclassed and the late Charlie White, who was refereeing, stopped the fight to save the white boy from serious punishment.

John L. was furious. A Boston alderman at the ringside, stirred on by the old heavyweights' prolonged protestations, climbed over the ropes and took a healthy punch at Referee White. A general free-for-all followed and quiet was not restored until plain clothesmen had literally dragged John L. out of the building.

Sheriff Allen and two deputies scoured the mountains yesterday in an effort to locate Ferguson but without result. Today several mountaineers were deputized to disarm the man in the event they should find him. Meanwhile no trace of the missing child has been found.

## MY DEAR WON BOWIE HANDICAP

(By The Associated Press.) BALTIMORE, Nov. 6.—Fred Musante's My Dear Won Bowie \$10,000 handicap for three year olds and up at Pimlico this afternoon winning by three lengths, going away Exodus was second, Hephaisos third, and Macinac fourth. The time for the one and half miles was 2:34 4-5. When the start was made Exodus rushed to the front and set the pace. Passing the stand Exodus led with Dunlin second and Macinac third. At the mile Exodus was still in front. At this point My Dear Won began to move up and on the stretch turn she collared the leader and came on to a handy victory.

## JOHN L. FAILED IN EFFORT TO DIG UP LAD TO BEAT GANS

BOSTON, Nov. 6.—Joe Gans was one colored fighter who was highly esteemed by boxing devotees of all shades. The Baltimore oyster fiend whose reassuring message to his mammy, apropos of the outcome of an impending fight, "I'll bring home the bacon," now occupies an exalted place in American slang, was not only a remarkable boxer but a quiet, well-mannered man.

His white competitors conceded his rare skill and many ring authorities of uncommonly sound judgment insist today that Gans was the greatest lightweight of all time. But John L. Sullivan, the Boston heavy weight, never thought so. John had a positive dislike for Gans, and spent much of his time trying to unearth a man to beat him.

Sullivan was always on hand when Gans battled—always in the hope that he would see the colored man punched lifeless. On one occasion Sullivan even went in the corner of a Gans opponent. This was when Spike Sullivan met the Marylander before the Broadway A. C. at New York.

John L. was in a particularly snarly mood and his instructions to Spike were thickly buttered with vicious invective. Spike, however, was hopelessly outclassed and the late Charlie White, who was refereeing, stopped the fight to save the white boy from serious punishment.

John L. was furious. A Boston alderman at the ringside, stirred on by the old heavyweights' prolonged protestations, climbed over the ropes and took a healthy punch at Referee White. A general free-for-all followed and quiet was not restored until plain clothesmen had literally dragged John L. out of the building.

## Vigorous Old Age

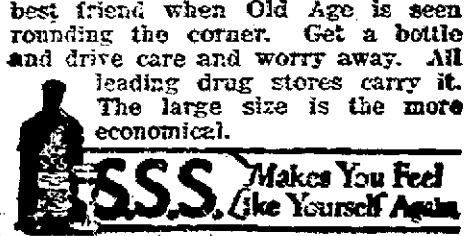

Why separate youth and old age with a deep and ever-widening abyss?

The bloom of youth and the hardy, ruddy glow of Old Age—sixteen and sixty—should be separated only by the span of years and not by varying differences of physical wholesomeness.

Vigorous old age is within the grasp of the S. S. S. brings that hale and hearty feeling back with a rush. Rich, red blood is the greatest enemy of weakness, health undermining Old Age. S. S. S. builds Red Blood Cells. Rich, red blood coursing through your veins sweeps away impurities that retard the proper functioning of your system. Old Age—once a dreaded agony—becomes a vigorous, enjoyable time of life.

S. S. S. is made of carefully selected herbs and barks—scientifically prepared and proportioned. Welcome Old Age when it comes. Be ready to withstand the attacks of diseases that follow in its wake. Meet Old Age with a hearty handshake. A handshake that speaks of well-being of a vigorous, clear thinking, red blooded constitution. S. S. S. is your best friend when Old Age is seen rounding the corner. Get a bottle and drive care and worry away. All leading drug stores carry it. The large size is the more economical.

### REPORT SHOWS BIG GROWTH OF TAX BURDEN

(By Chicago Tribune Service.)  
WASHINGTON, Nov. 5.—Remarkable growth in the increasing burden of taxation in the United States is revealed in a report just made public by the National Industrial Conference Board which represents the results of a years study by the board's research staff of the whole problem of the cost of government to the people. Of almost equal importance, the board cites the constantly rising amount of property which has been rendered by various means exempt from taxation and the value of which, according to the report, is given as fifty-four billion dollars in 1922. "This stupendous sum says the report, 'represents slightly less than one-fifth of our national wealth' and is equal roughly to one-third of all property assessed under the general property tax which forms the bulk of state and local government finance."

Another aspect of the report is the statement that the board finds the American farmer paying more than his share of the nation's tax bill, as related to his income. The figures, says the report, demonstrate

## Which Is Worth The Most?

In this life we get what we pay for and seldom any more. Some may try to make it appear that they have something to give away but you know better. Jewelry from the 5 and 10c stores may look like the "real stuff" but the test of time makes it costly. Likewise with Meats. Ridiculously cheap products are never worth the price. A good product, plus good service and honest weights is always worth a fair price. Haven't you found it so?

the farmer's war and still heavier than that resting on the remaining economic classes."

Researches were conducted by the economists on the board's staff in every state and a voluminous mass of authorities are cited to support the figures. The report comes at a time when the country has just heard a warning against rising taxes from the Secretary of the Treasury Mellon, and when the taxation issue is paramount in many of the political campaigns now being conducted throughout the country.

Summarizing the growth of the country's tax bill, the report shows that the nation paid last year in taxes \$7,061,000,000 compared with \$3,359,000,000 in 1921, \$2,194,000,000 in 1920 and \$1,382,000,000 in 1919. In 1922 the taxes collected by the federal government showed a decline of \$1,526,000,000 as compared with 1921.

On the other hand, taxes of state and local governments continued to mount, state taxes increased from \$301,000,000 in 1921 to \$346,000,000 in 1922. Likewise local taxes rose from \$1,219,000,000 in 1921 to \$3,301,000,000 last year.

The tax burden, figured in terms of each person's income, is also cited to bear out the board's conclusions.

NAMED SENATOR

**IN VERMONT**

(By The Associated Press.)  
MONTPELIER, Vt., Nov. 6.—Porter H. Dale, Republican, for Vermont was elected United States Senator for Vermont today over Park H. Pollard, Democrat, winning more than 2 votes for every one cast for his opponent. Compulsory returns from the 24 cities and towns in the state gave Dale 30,027; Pollard 15,632.

In the congressional contest in the second district to elect a successor to Mr. Dale, who resigned to become a candidate for the senate, Col. Ernest W. Gibson, of Rutland, Republican, was returned by an overwhelming majority over his Democratic opponent, Burton L. Bailey, of Montpelier.

The total vote was:  
Gibson 17,614; Bailey 4,173.

## Can you answer these questions

- 1 Who are these "DAYTIME WIVES?"—  
Are they married these "DAYTIME WIVES?"—and why do they call them "DAYTIME WIVES?"
- 2 Has your husband one of these "DAYTIME WIVES?" If so, has he introduced her to you? If he has one of these "DAYTIME Wives" what is her attraction to him?
- 3 Should "DAYTIME WIVES" be legally married? Funny questions eh, yet here are some more for you to answer. Why is it that for eight to nine solid hours each day these "DAYTIME WIVES" hold your husband?
- 4 They say that every business man in this country has one of these "DAYTIME WIVES." Would you share your home as your husband shares his daily hours with one of these "DAYTIME WIVES?"
- 5 They say that young men as well as old men are wild about these "DAYTIME WIVES." Is the love for your bridge, your golf and your pet dog, making these "DAYTIME WIVES" more solid with your husband?

### Merchandise and Service

Everything you buy can be divided into two classes—merchandise and service.

Don't make the mistake of thinking that, you are buying just merchandise when you get a pair of glasses. The comfort and satisfaction you expect to obtain depend as much on the service as the glasses themselves.

Galeski Service is value not added to the cost. Ask your Oculist.
